TIRE SEALANTS

Sealitup® Hi-Speed

(605)

- Designed for high speed vehicles, but **excellent** for low speed, also.
- Coats the entire tread area evenly
 - Will not cause tire imbalance
 - Will not effect TPMS
- Prevents and eliminates rust and corrosion
- Eliminates rim, vent and pinhole leaks
 - Increases tread and tire life
 - Keeps tires running cooler
- No flammable components/No risk in retreading
 - Saves casings for recapping
 - Easily washes out with water
 - Works to -25°F

All Delta First
Tubeless Sealant
products contain a
corrosion package
that prevent rust and have extra
lubricant for easier
mounting and
dismounting.
